A. DESCRIPTION OF FUNDING OPPORTUNITY

The Government of the District of Columbia, Department of For-Hire Vehicles (“DFHV”), is soliciting applications from all eligible DFHV licensed taxicab companies (“Taxicab Companies”) with current DFHV Digital Taxicab Solution (“DTS”) licensing and Operational Authority to operate DFHV’s Transport DC (“TDC”) program. The TDC program has been in operation for the past seven years providing an alternative transportation service to the Washington Metropolitan Area Transit Authority’s paratransit services entitled MetroAccess. Current TDC providers support a cost-effective, curb-to-curb service for eligible and active MetroAccess customers. Transport DC customers may take up to ten (10) one-way trips (or five (5) round trips each month) to any destination within the District of Columbia (“DC”).

Applicants may include business partners (e.g., technology companies, support services contractors, or a combination of taxicab and TNC companies) in their application that will assist in delivering service, but the applicant and awardee must be a licensed DTS provider. The successful applicant will be expected to provide service twenty-four hours a day, seven days a week including holidays and demonstrate within their application narrative the total number of vehicles, include Wheelchair Accessible Vehicles (WAVs), supporting this program. The applicant will need to identify the number of drivers, dispatchers, dispatching systems used and connected to the current AWS customer telephone line, as well as back-up systems supporting customer accessibility. A detailed back-up plan should be submitted by each vendor prior to the start of operations that includes plans for communications between vendors and customers, should there be an unpredictable gap in coverage or error.

The successful applicant will be able to provide:

- professional services for service design and planning,
- technology solution that meets the needs of the program and its multiple stakeholders,
- licensed for-hire drivers to citywide (within the border of DC) routes,
- obtain and provide clean, sterilized and PPE supported vehicles for the program, and
- manage all facets of daily service for the program.

This program is expected to continue throughout FY23 without interruption after potential applicants are awarded a grant. DFHV will expect the awardee, or awardees, to participate and commitment staff to monthly advisory meetings, monthly provider meetings, and respond to any information and reporting requests immediately or upon a reasonable response time. An applicant should describe in detail who those program points of contacts shall be and tour of duty schedule.

DFHV is seeking candidates with an expertise in paratransit, on-demand, and pre-booking up to twenty-four hours of a requested pick-up. In addition, the selected applicant must be located within the District of Columbia and must comply with Title 31 of the District of Columbia Municipal Regulations in its entirety with an emphasis on: Chapter 9, Insurance Requirements for Public Vehicles-For-Hire in its entirety including Applications and Scope pertaining to WAV vehicles; Chapter 16, Dispatch Services and District of Columbia Taxicab Industry CO-OP, and Chapter 18, Wheelchair Accessible Paratransit Taxicab Services.

DFHV is seeking to leverage the capacity of the local for-hire vehicle industry and use innovations and best practices to include on-demand mobility fields to provide an innovative TDC transportation solution to enhance an already popular and highly visible program while including advocates, DFHV’s Project Lead, and other stakeholders’ input and suggestions.

The Grant Administration Specialist may request, and the Grantee shall promptly deliver updated certificates of insurance, endorsements indicating the required coverages, and/or certified copies of the insurance policies. If the insurance initially obtained by the Grantee expires prior to completion of the contract, renewal certificates of insurance and additional insured and other endorsements shall be furnished to the Grant Monitor prior to the date of expiration of all such initial insurance. For all coverage required to be maintained after completion, an additional certificate of insurance evidencing such coverage shall be submitted to the Grant Monitor on an annual basis as the coverage is renewed (or replaced).
