

**DISTRICT OF COLUMBIA TAXICAB COMMISSION
NOTICE OF EMERGENCY AND PROPOSED RULEMAKING**

The District of Columbia Taxicab Commission (Commission), pursuant to the authority set forth in sections 8(b)(1) (C), (D), (E), (F), (G), (I), (J), 14, and 20 of the District of Columbia Taxicab Commission Establishment Act of 1985, effective March 25, 1986 (D.C. Law 6-97; D.C. Official Code §§ 50-307(b)(1) (C), (D), (E), (F), (G), (I), (J) and 50-319 (2009 Repl.), and D.C. Official Code § 50-313 (2009 Repl.; 2012 Supp.); D.C. Official Code § 47-2829(b), (d), (e), (e-1), and (i) (2012 Supp.)); section 12 of the 1919 District of Columbia Taxicab Act approved July 11, 1919 (41 Stat. 104; D.C. Official Code § 50-371 (2009 Repl.)), and Section 3 of the Taxicab Improvement Emergency Act of 2012, effective July 24, 2012 (D.C. Act 19-____; __ DCR ____) hereby gives notice of emergency and proposed rulemaking action taken on July 18, 2012, to establish a new Chapter 15 (Licensing and Operation of Taxicab Dome Light Installation Companies), of Title 31 (Taxicabs and Public Vehicles for Hire) of the District of Columbia Municipal Regulations (DCMR).

The new chapter will: (1) establish and implement a new dome light equipment requirement; (2) establish the licensing requirement, criteria, and responsibilities of dome light installation businesses in the District of Columbia; and (3) establish penalties and fines.

This emergency rulemaking action is necessary to protect the public safety and welfare of the residents of and visitors to the District of Columbia. Specifically, the past three to five years have seen an exponential increase in consumer complaints about the quality and safety of District taxicab vehicles and operators. The implementation of a new Taxi Smart Meter System and Dome Lighting System, and the features associated with their installation and operation in public vehicles for hire will bring about a heightened level of visibility, data collection and safety alert mechanisms that should quickly and significantly improve public safety and accountability in public transportation in the District.

This Emergency and Proposed rule was adopted on July 18, 2012, and became effective on July 25, 2012. The emergency rulemaking will remain in effect for up to one hundred twenty (120) days after the date of adoption, expiring on November 15, 2012, or upon earlier amendment or repeal by the Commission, or publication of final rulemaking in the *D.C. Register*, whichever occurs first.

The Commission also hereby gives notice of the intent to take final rulemaking action to adopt these proposed rules in not less than thirty (30) days after the publication of this notice in the *D.C. Register*.
